Committee of Staff Deans Meeting
Wednesday, September 7, 1977

The Committee of Staff Deans met at 1:15 p.m. in the Academic Affairs Conference Room with the following members present: Chamberlin, Wassom, Oppitz, Brenner, Oakes, Greeley, Robinson and Corts.

The Committee discussed the report from the sub-committee which had been charged with drafting a recommendation for the proposed routing of certain curriculum proposals. Following extended discussion, the Committee agreed to present two alternative approaches to this matter to the Council of Academic Deans for their consideration at a future meeting.

The next item of business dealt with the proposed development of some modifications for the current faculty evaluation form. Dr. Brenner provided the Committee with a report on the activities which are being undertaken in the College of Education concerning faculty evaluation and Mr. Greeley presented a report to the Committee dealing with some definitions and examples which had been developed by Ogden College. Following these presentations, the Committee engaged in discussion concerning the application of some of these ideas to the existing form. It was agreed that proposals would be developed and drafted for consideration at the meeting on September 14.

The meeting was adjourned at 3:00 p.m.

Respectfully submitted,
